

Course Summary

a. Description:

- The inhumane treatment of animals concerns us all. This online course, aims to raise awareness on animal welfare issues in the United States. It dispels myths; encourages the research and understanding of the causes, consequences, and solutions to this social problem.
- This entire course takes place online, so studying and learning can be arranged to suit the individual learner. Each module includes a series of learning activities aimed at stimulating thought. Progress is made by reading web-based materials and completing individual activities.
- You will research, analyze and reflect upon the concept of animal welfare; focusing on animal cruelty.

b. Objectives:

- Promote the humane treatment of animals.
- Provide the unique opportunity to earn community service hours online.
- Encourage the development of leadership skills; such as decision making and problem solving.

c. Topics:

- Animal Cruelty/Domestic Violence
- Dog Fighting

d. Course delivery:

- The delivery of this community service program is via the Internet.
- Enter our website at OrlandoPets.org and click on the icon for Community Service.

e. Skills:

- Critical thinking

f. Activities:
